Steam Cooking

DESCRIPTION

Steam ovens cook food gently, healthily, and efficiently while preserving its organoleptic properties. The control panel has different functions, including preset steam cooking functions and the possibility to modify the recipes. With the Meat Probe, you can obtain perfect results because it allows you to monitor the cooking progress by measuring the food core temperature. This product comes with the following accessories: a meat probe, a perforated tray with lid, a stainless steel support for perforated tray, a stainless steel tray, a flat grill rack and a water tank.

FEATURES

- Stainless steel finish
- 11 functions
- AirFry (oven-frying) function
- Creative Extended controls
- Meat probe
- Steam cooking
- Combined cooking
- Steam recovery cycle
- CLEAN assisted cleaning cycle
- 3-pane glass cool-touch door
- Energy Class A++
